

GEORGE BONDE JR., with the volunteer service now in Wales, expects to sail for Canada on November 15, arriving in New York on November 25. He left Niles on February 2 of this year and has seen a considerable part of the globe in the last 10 months. Much of that time he has spent in India.

Cpl. THOMAS CHAMPION, who recently won an English girl, has just been awarded the bronze star for "meritorious achievement beyond the call of duty" while in Germany. He is presently in England helping to process men for their return home. He, too, expects to be home soon, possibly by Christmas.

Cpl. LARRY SYLVIA, who has been in the Army Air Corps for three years, is again back at his old job as maintenance man at Washington Union High. He received his discharge on September 18. He's married to the former Vermilda DeLuce of Centerville.

S. 1/c DAVE VARGAS, stationed in the Hawaiian Islands, is expected home very soon.

EDWARD L. BETTENCOURT, son of Mrs. Marianna Bettencourt of Centerville, has recently received his honorable discharge from the Army. He has been serving for about four years and returned home from his last station, New Guinea.

S.F. 3/c ED McEMAR, according to a late report, is stationed on a ship in Tokyo Bay.

PAUL MANLEY of the Navy and his brother ROBERT also of the Navy are both stationed on Guam, 5 miles apart. They are waiting to be sent home and to receive their discharges.

M.M. 2/c PERRY ALLAN was recently home on leave. He has several battle stars from actions in the Solomons to Okinawa.

HERMAN MESQUITE of the Army Air Corps was home on a furlough recently from Shepherd Field, Tex.

S.C. 1/c NORMAN D. SILVA, in the Pacific, is awaiting transportation home.

Pvt. GILBERT DEBORBA, who has been home on a 14-day furlough, will leave Saturday for the University of Chicago, where he is stationed.

Mrs. W. A. Sloan has received a telegram from her grandson, ROBERT W. FAHEY, Pfc., announcing that he had safely landed in New York and would be home soon.

M.T. Sgt. JAMES S. CULL, U.S.M.C., son of Mr. and Mrs. Wm. D. Cull of Niles, has returned from the Philippines and is at present at Miramar, San Diego, awaiting furlough.

After a six-day business trip from Fort Bragg, North Carolina, ROBERT DUARTE arrived in Niles last Monday, happy to be home from the wars. "The trip was tiring and long," he said, "but wonderful—especially since every mile brought California closer. Five years is a long time."

Ch.Mo.M.M. HERBERT ANTHONY PERRY received his honorable discharge from the Navy at Shoemaker on October 23. Serving for over three years, he took part in engagements at Normandy, Italy and North Africa.

#### To the People of this Community

Extra Victory Bonds are on sale. Bankers will say that they are the best investment ever offered you. The GIs in conquered Tokyo and Berlin will say that today is a new moment for you to show that you are keeping faith. The economist will say the Victory Loan is all of these things. It represents your will to help the government pay off war costs, care for the wounded, maintain our troops abroad, finance the return to civilian life of millions of fighting men.

From every angle, you will be serving your own best interest by seeking out the nearest Victory Bond salesman. You can't buy too many or too often for your own good.

Number 44

## ENOS RE-APPOINTED TO POSTMASTER OFFICE IN NILES

Edward E. Enos was this week appointed postmaster for Niles, according to official notification from Washington.

The postmastership has been open since his own resignation April 30, 1944. In the interim, Joseph Enos, his brother, has been acting postmaster.

The new postmaster was born and educated in Washington Township, the son of the late Joseph Enos Sr. He graduated from the Washington Union High School in 1928 and from the University of California in 1932. For five years he worked with the Collector of Internal Revenue office, leaving that post when he was first appointed postmaster in July, 1937.

Enos resigned from the post-office to accept a position with the Leslie Sale Company as purchasing agent.

He is a member of the local Selective Service board, a trustee of Washington High, a member of the Niles Rotary Club, Township Planning Committee, and has been active in the Niles Junior Chamber of Commerce.

## CENTERVILLE SCOUT WINS EAGLE AWARD

Any Boy Scout who wins the highest award in Scouting, the Eagle pin, is justly proud. But if the boy, in addition, is the youngest to receive the award, he can be doubly proud. And this is the case with young David McWhirter, son of Dr. and Mrs. W. L. McWhirter, who is only 13 years old.

In Judge Ogden's courtroom last Friday, in the presence of eight other Scouts and their mothers, David, of Centerville Troop No. 1, was presented with his award. The awards were made for the whole Oakland Area Council.

Young McWhirter, who now attends Bellarmine School in San Jose, following graduation from Centerville Elementary School last June, has held the rank of patrol leader, assistant patrol leader and troop librarian. He has attended Diamond Camp and Diamond-O Camp in the high Sierras.

David is the second one in his family to be an Eagle Scout, his brother Tom also having won the award.

Another Centerville Scout, Ronald Sylvestri, received his Eagle award this year, in June. He will be back in the December Court to add a Palm to his Eagle pin.

Out of four Eagle Courts held during the year, Centerville will have been represented three times out of the four.

Scoutmaster Phil Sousa is very proud of these fine boys, who started under his leadership and finished at the top of Scouting.

## NILES YOUNGSTERS STAGE THEIR OWN HALLOWE'EN SHOW

Niles school children turned out en masse on Halloween for the big party given by the P.T.A. There was fun and frolic for all — and even refreshments.

There were soaped windows, it's true, and even tomatoes thrown around the school grounds and one broken window, but on the whole the children were being too well entertained by the amateur stage show being put on in the auditorium to be too much interested in carrying on Halloween pranks.

Most of the damage, it is reported, was done by young people not of this community or of the school. The show itself was mostly composed by the youngsters, with the teachers lending a helping hand. Some of the outstanding acts were the Mara sisters' tap dancing, the hula done by Joy Duarte, the magic show put on by Edward Enos, the Chivers boy's inimitable characterization, and the piano solo by Carol Rogers. There were also many other fine acts, too numerous to mention.

Mrs. Lawrence Thatcher, as head of the refreshment committee, had ready for each child as he left the auditorium a bagful of fruit and cookies. She was assisted by Mmes. George Roeding Jr., W. F. Lamoreux, L. A. Mayer, and L. R. Bateman.

## HUSKIES' UNBEATEN RECORD STANDS; BEAT SANTA CLARA

By WAYNE DAVIS

Scoring three times in sensational fashion, the Washington Huskies kept their unbeaten football record intact by scoring a 19-7 victory over a fighting Santa Clara eleven Friday evening in the Townsend Stadium.

The first quarter opened with Smith receiving the kickoff on the 15-yard line and reversing the ball to Bobby Rose who was downed on the 25-yard stripe. Then the powerful Huskies unleashed a furious running attack that was not stopped until Washington's ace fullback, Alex Bernard, had crossed the Panther goal line. His scoring play came from the Santa Clara three-yard line. The attempted conversion, by Peixotto, failed.

Midway in the first quarter the Huskies thought they had hit the jackpot again when Leonard Smith was flipped a short pass and, after squirming out of the Panther's grasp, wheeled around right end and went all the way to the end zone only to be called back because of a penalty. After that it was an even battle, with the count 6-0, until late in the second quarter when the Huskies recovered a fumble and began a downfield march which ended only when the gun went off to end the first half.

(Continued on page 6)

## DR. DURHAM NEARS 50TH YEAR IN OFFICE HAS LONG RECORD OF COMMUNITY SERVICE

By ELIZABETH H. SLOAN

Down the main street of Irvington, most every morning, a tall, gray-haired, distinguished looking gentleman rides his bicycle. It is our good neighbor and fellow citizen, known the township over as Dr. Durham.

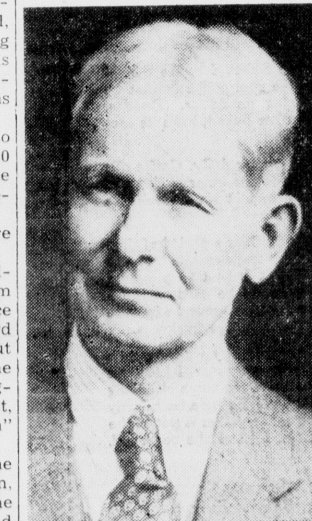

The doctor has been coming to the same office for almost 50 years, but declares, with a twinkle in his eyes, "I'm going to quit before the 50 years are up."

We wonder if he will; habits are strong, you know. It was in August, 1897, with license number 572 that Dr. Durham hung out his shingle from an office in what was then called "the Ford Building." He is still there! But the building has lost the name given to it by Dr. Ford, Irvington's early dentist and druggist, known to the community as "Pa" Ford.

"Pa" Ford not only rented the office to the young Dr. Durham, but gave him his blessing and the dental tools which he himself had carried across the plains many years before. These dreadful-looking tools are among the doctor's prize possessions. He only wishes there was a local museum to which he could give them for future generations to see. They did valiant work in their day.

NO NATIVE SON

The doctor is not a native son, although he assures his friends with a chuckle that he couldn't help that. He is the son of the late Professor Judge Durham, who came to Irvington in 1884 as a teacher in the now extinct Wash-

ington College, and who was killed in 1914 by a tragic railroad accident.

Some of the doctor's friends call him Judge, and some call him Haley. His full name is Judge Haley Durham. He attended Washington College, and, with many others of prominence in the township, graduated from the Commercial Department in 1893. Commercial life did not appeal to him, and not knowing just what he did want to do as his life work, he went on

(Continued from Page 2)

## ... Or Would You Rather Be a Ghost?

The sentence of death has been imposed on motorists unknown who in the next few months will drive through Washington Township.

A few will be killed. There will be a much larger number injured, some to spend the rest of their lives as cripples.

It is a frightening, hideous thing to think about. But we have to think about it, and right now.

In recent months the highways between Mission San Jose and Warm Springs and between Centerville and Warm Springs have been resurfaced. Thereby they have been converted into death traps, because the roadways have been built up and the shoulders on both sides have not been raised.

If a person dares to pull off the roadway onto a shoulder he takes the risk of overturning his car on the steep decline. If he happens to be traveling at a good rate of speed and must suddenly swerve onto the shoulder he most certainly will overturn his car.

This is not opinion; it is demonstrated fact.

On September 15 one person was killed and six were injured on the Warm Springs-Mission San Jose highway. The car overturned on the shoulder.

In the entire month of September, four persons were killed in Washington Township highway accidents, thirteen were injured, and there were five accidents involving property damage. MOST OF THESE ACCIDENTS OCCURRED ON THESE TWO STRETCHES OF HIGHWAY.

In the first seventeen days of October there were fifteen persons injured on these two highways.

The percentage of accidents has more than doubled on these two highways since the roadwork has been completed.

Yes, avoidable death or injury awaits a number of persons in the rainy months to come when the danger will be even greater.

It's something for YOU to THINK about, something to ACT upon.

If the Division of Highways had done its job properly, safe shoulders would have been built along with the new roadways. If the Division of Highways for any reason could not construct safer highways at the time this work was done they should have waited until the right kind of a job could be done.

So, where the fault lies is clear.

The "somebody" who you think should do "something" about this situation is you, because you might be the next to be killed or injured. The Division of Highways ought to get a letter about this, from you, right now. The address is Sacramento. Your letter may save your life.

## CENTERVILLE P.T.A.

Centerville Elementary School P.T.A. will assist in the vaccination for smallpox and immunization for diphtheria program to be conducted at the school by the county health department November 16.

All persons who have never been vaccinated for smallpox and those who have been vaccinated more than 5 years ago are invited. There is no charge.

Children up to 12 years who have never been immunized for diphtheria and those who have been immunized and wish a "step-up" treatment are invited. This also is free.

Assisting Mrs. Edna Ebricht, school nurse, will be Mrs. E. D. Correa, Mrs. Clarence George, and Mrs. Joseph Santos.

The annual turkey dinner for the students of the school will be prepared and served on Tuesday, Nov. 13, for the regular luncheon price of 13 cents.

The P.T.A. leaders who will assist are: Mmes. George Rogers, Dan Amaral, Joseph Brown, Dallas Paul, Rose Freitas, Emanuel Correa, George Roderick, Herman Lambrecht, and Henry Dias.

The elementary school P.T.A. will hold the annual benefit whist party in the Centerville school auditorium Friday evening, Nov. 9, at 8 o'clock. Admission will be 40 cents.

## DRAFT BOARD NOW CLOSED SATURDAYS

The Selective Service Board at Niles wishes to remind the public that it is closed on Saturdays. Office hours are from 8:15 a.m. to 5:15 p.m. on Mondays through Fridays.

## BAKERY ROUTE CHANGES HANDS

Fourteen years ago H. Millard of Mission San Jose started his Cottage Bakery route in Washington Township.

Through the years, people came to look for his bright truck, his friendly smile, and his delectable pastries and bread. Passing the time of day with him, meanwhile eyeing the tempting array of bakery goods on the racks that he pulls out of his truck, came to be a bright spot in the day for many housewives of the township.

But now Mr. Millard, tired after 14 years of hearing "I'll take apple pie," or "Give me whole wheat today," announces that he has sold his truck and route to Paul Paniagua of Decoto, and is making plans to go into another business as yet unannounced.

Mr. Paniagua, who formerly was a driver for the Henry Miller Cleaners, is looking forward to his new business. He, too, has a friendly smile, and will doubtless fit into Mr. Millard's shoes as though they were made for him.

## NILES GIRL SCOUTS HAVE A REAL DINNER

Little Mary Lynn Lamoreux provided the piece de resistance at the first dinner meeting held last Monday that the Niles Girl Scouts have had since their organization.

Mary Lynn outdid herself when she made an angel food cake that would make any veteran cook turn green with envy. The rest of the menu consisted of salads, macaroni and cheese, hot chocolate, and ice cream. All the Scouts helped with the dinner, under the supervision of their leaders, Mrs. Henry Vervais and Mrs. A. W. Gorman.

## NILES BOY IN SERIOUS CONDITION

George Rose, 13-year-old son of F. G. Rose of Niles and a student at Niles Grammar School, is in Hayward Hospital this week suffering from very serious head injuries as the result of an accident that occurred last Tuesday evening on the highway near Silva's Maternity Home.

The boy, who was on his way home on the bus after working at the Red and White store, got off the bus and was crossing the highway when a car came bearing down on him and struck him. Passengers on the bus are reported to have asserted that the car, driven by Lloyd Silveira of San Leandro, was without lights.

The boy was rushed to the Hayward Hospital by the Dallas Paul ambulance, where his condition was said to be very serious.

## 10TH ANNIVERSARY FOR JOE ADAMS

Joe Adams of Centerville is observing his tenth anniversary this week.

Birthday anniversary? ... No. Wedding anniversary? ... No. His Tenth anniversary? ... You don't get it? ... Well, this is the tenth anniversary of his being in business in Centerville.

In that time he's sold around 1500 Ford cars, and that's a lot of cars, considering the fact that for four of those years there haven't been any to sell.

However, Joe's smile is even a little wider than usual this week, not just because it's his tenth anniversary, but because he now has a brand new Ford car to show — but not to sell. Not yet.

He came to Centerville November 1, 1935, from San Jose. But we'd better take you a little farther back than that.

He was born in Canada and came across the border to live when he was 2 years old. He was raised and educated in San Jose. His first job after finishing school was as a window trimmer with Hale Bros. Then, in 1917, he enlisted in the Coast Artillery and was overseas 10 months.

After the war, Joe went into the tire business there, distributing Barney Oldfield tires. Remember them? In 1923 he was married and that year he sold out this business and went to work for the Cavello Moto Co., Ford dealers. In 1925 he went to the R. M. Cuthbert Company in San Jose as sales manager, soon becoming general manager.

Joe is a past president of the Centerville Lions Club and an Elk. Rather than anything else, no doubt, he likes to sell and service Ford cars, but he also enjoys swimming, fishing, and is quite a garden fiend.

His daughter, Beverly, went to grammar school and high school in Centerville, and attended San Jose State College. She has been working at the Navy plant in Irvington.

Now, about the anniversary—doesn't it look like things have been breaking about right for Joe's tenth business anniversary, with cars just coming onto the market now? That in itself is quite a present, so to speak, considering the last four years.

## IT' CLUB DANCE IS BIG SUCCESS

Over 150 persons were present at the dance given Tuesday night by the Irvington "It" Club. The affair was so successful that more dances are contemplated for the near future.

## REGISTER WILL HAVE A NEW BUILDING

## HAVE TROUBLE OVER THE ARCHITECTURE

Should it have a tower? Should it be Spanish, or would it look better modern? Should we have many windows, or not so many windows? And which would be a better—a side or a front entrance?

These, and many other questions are being mullied over by both the editor, and the assistant editor of The Register, who are in a flurry of excitement this week following the purchase of a piece of property adjoining the Burila James building in Niles—where they expect to erect a new building for The Register as soon as plans and specifications—and materials—are made available.

The editor, who likes the sound of "the Register Tower" is holding out for a tower. At first he could use it as a sort of "ivory tower" where he could go and think up his editorials without being disturbed. Later, very much later, we might say—it would serve as a broadcasting tower.

"This is Station WHEE of Niles, broadcasting the regular morning summary of the news." Can't you just vision it? (No, we can't either.)

The assistant editor, on the other hand, is not at all concerned over towers. Her main concern is a patio—a cozy little spot where people can come and chat. Tea might be served. The whole atmosphere would be designed to loosen people's tongues. If folks are going to gossip, they may as well be doing it in a newspaper office! What better way of getting news?

Seriously, though, the editors are overjoyed at the prospect of getting out of this—er—well, we'll be polite and call it a building. Yes, it's quaint, and it holds lots of memories no doubt for the townsfolk here. But it also leaks, and it has termites.

So, come spring, we shall gladly pick up our presses and our typewriters and walk into a bright, new, spick and span building. Then we can write all the editorials we want about fixing up Main Street, and we won't have to blush while we're writing them!

## NAVY WILL CLOSE IRVINGTON PLANT IN TWO WEEKS

After more than a year of operation, having started August 16, 1944, the Navy Materiel Redistribution Center in Irvington will move the bulk of its personnel and materiel to Stockton and Oakland in the next couple of weeks. This announcement was made this week by Commander George Lofink, who has charge of the plant.

The valves and fittings redistribution program will be taken to Stockton, while the electronics program will be moved to the Naval Supply Depot in Oakland.

"The move is made," stated Commander Lofink, "in line with the government's policy to get private plants back to private manufacturers."

The plant, prior to its use by the Navy, had been used by the Occidental Stove Company.

It is rumored that the stove company will again start manufacturing stoves, although no definite word to this effect has been announced officially.

Commander Lofink will receive his discharge from the Navy coincident with the dissolution of the Navy program in Irvington. His plans for the future are indefinite.

## PIE EATING CONTEST AT IRVINGTON

A pie-eating contest was the highlight of the Halloween party at the Irvington school last Wednesday evening.

Melvin Hoffman dove into his pumpkin pie like a veteran pie eater and finished first in the race. Second was Billy Murrell, and third was Jackie Haynes. The contest was almost as much fun for the audience as it was for the contestants.

Another contest that furnished considerable amusement was the baby bottle contest. Each contestant was given a baby bottle, with nipple, full of milk. The one who drained the bottle first was Merle Rubolson; second, Jack Brabant; and coming in for third place was Ray Abackerli.

There were 16 costume awards. Gus Robertson, principal, was chairman of the party, which was sponsored by the P.T.A. Helping him on the committee were R. A. Griffin and Leslie Hiller.

## LOCAL PEOPLE IN CAR COLLISION

Mrs. Inez Caleira of Newark and Louis Rocha of Centerville were both taken to Fairmont Hospital Sunday by the Dallas Paul ambulance for minor injuries suffered when their two cars collided at the junction of Thornton Avenue and North Main.

## IRVINGTON YOUNG FOLKS WILL MEET AND DINE

The young people of the Irvington Community Church are having a dinner meeting at the home of Mrs. C. L. Patterson tonight (Friday) at 6 o'clock. The women of the church are preparing the dinner.

Speaker for the evening will be Mrs. Merle Anderson, ex-monitor of the California Youth Center Synod, now a student at the San Francisco Theological Seminary.

## Thinking Things Over...

By VIVIAN BATMAN

All night as she lay in bed by Mike's side, the girl was haunted by that scene. She lay staring, staring into the darkness. The blood—it hadn't been red, not a crimson red, as she expected blood to be. It had been an unhealthy color, a pale, watery fluid.

She shuddered. She could see the blood now, as plainly as she had only a few hours before, after the first shock of realization. She couldn't believe at first that such an innocent-looking implement, in her own hands, could have done it.

She reached over and touched her husband. It was good to know that he was there beside her. He had been such a good protector all these years.

"But Mike, darling," she whispered hoarsely, "if you knew what

kind of a woman I really am, would you still care? If you knew about the—" She couldn't say the dreadful word, even to herself.

Mike stirred. "You awake, hon?" he asked sleepily. The woman's body stiffened. She must tell him! He would know, wouldn't he, how to protect her, how to keep her from paying the terrible penalty that she would have to pay if she were proved guilty?

"Mike," she said tensely. "Mike, I have something to tell you."

She gripped the bedclothes with her fists. Her body was shaking uncontrollably.

"Mike—I—I'm not sure, but I—I think I have pink toothbrush!"

### THE MEMORY LINGERS ON

To paraphrase a popular tune of several years ago, "The war is ended, but the memory lingers on." All over our land are hospitals chock full of wounded men who need care now, and who may need care for years to come. If we don't pay for their care, by buying Victory bonds now, we're letting them down, aren't we? And after all the

horror they've gone through for us, how CAN we let them down!

### WE'LL TRY KIDNAPPING

If you think this paper isn't what it ought to be this week, think on these things: Our printer left us (his wife didn't like it here, a fact which we are at a loss to explain). So many ads came in unexpectedly that we either had to run an 8-page paper in order to get in all the news AND the ads, or take our choice between the news and the ads and run the regular 6-page paper. We decided to run a 6-page paper, as it is a gargantuan task for two people to get out an 8-page paper. Naturally, we had to run the ads (that's how we make our living). So there wasn't room for all the news. If it sounds confused to you, it was even more confusing to us! Next week we will have another printer—even if we have to go out and kidnap one!

Incidentally, we don't have time to write letters of appreciation to all of those kind souls who have been writing in their news items. But thanks, collectively! It helps out more than you think in busy days like these when the two of

### DR. DURHAM

(Continued from page 1)

studying and three years later completed the academic course of that institution.

### SUMMER OF 1892

He was still undecided as to his future life work when he went for a vacation to Santa Cruz in the summer of 1892. There fate seemed to be lurking for him, because there he became acquainted with a dentist from Colusa, Dr. F. Z. Pirkey. The two became fast friends and the older man found in the younger a good prospect for the dental profession. One day when they were making merry, Dr. Pirkey astonished the gathering by abruptly saying: "Yes, Judge, you would make a good dentist."

Judge tried to laugh it off, but the doctor was serious in the matter and continued:

"I'll tell you what you do. You come up and study with me for six months. By that time you will have a good idea of the profession and, if you like it, you can go on to the University of California

us are doing work that could easily keep four people pretty busy.

and get your certificate. Will you do it?"

This called for a sober decision by the young man whose picture in the Irvington newspaper, "The Washington Press," of 1898 showed a young man full of life and laughter. Upon due consideration, Judge decided to give the dental profession a fling and took up the offer made by Dr. Pirkey for a six months' study in his office. He then went on to the University of California, where he graduated in 1897 with the degree of Doctor of Dental Surgery.

The doctor has done some notable experimentation, not only with dental plates, but with different anesthetics. Not long ago he was called upon by the dental association for his experiences in these lines. Some of them were failures, some were funny, and some were useful. They would make quite a story in themselves.

But the doctor is more than a dentist. Like all good citizens, he has given of his time and energy to various civic matters and through thick and thin, good times and bad, has proved himself a fine Christian, which is saying a lot these days.

His father was one of the incorporators of the little Community Church of Irvington, back in 1886. It was then known as "The Christian Church of Irving, Alameda County, California." There is a story behind the name of Irving, which later became Irvington.

Dr. Durham has been a faithful member of this little church ever since it was incorporated. Not only that, but for several years he was president of the Alameda County Christian Endeavor Society, and for nigh onto 40 years has taught a class in the Sunday school, serving for some time also as the superintendent.

He very much enjoyed his contact with the young folks who came to the school, and whose lives were influenced for the better by the example as well as the teachings of the good doctor. There is no record of his preaching a formal sermon, but we do not doubt that he would have done it well, maybe better than the regular minister, for he would have enlivened it with his usual wit and humor.

### SCHOOL TRUSTEE

Among his civic duties was the responsibility of being a trustee for the local grammar school. There is quite a story here, but suffice it to say that it was during his incumbency that the school was moved from its old site on a back street of the town to its present site on the main street.

The new building erected at the time of this move has since been torn down to make way for the modern structure which was built under the auspices of the WPA.

It is interesting to note in passing that the old site which had been given to the town by that doughty pioneer, John Horner, an elder in the Mormon Church, reverted to that organization, and was used for many years as the place of its annual camp meeting.

The doctor partially lost his hearing some time ago, but it was, as he whimsically put it, partly compensated for because, "I married a pair of good ears." In 1912 he was married to Miss Mabel Cunningham of Grass Valley.

### HIS ROMANCE

He sometimes chuckles over his romance and the way he used to fool the Irvington postmistress. She was quite interested in the matter and, just for fun, the doctor would drive clear to Centerville to mail his letters, the answers to which would always come to him through Palo Alto instead of Grass Valley.

It has been a very happy marriage and two children came to bless their home—a son and a daughter. The lad, who was so interested in aeronautics, passed away several years ago rather tragically, but the daughter, now Mrs. Kenneth Foster, is a business woman in her own right.

The doctor says of his marriage that he must be old-fashioned for he still has the wife he started out with some 30 odd years ago, and is very proud of that fact.

Another civic duty devolved upon him several years ago. He was made a member of the sanitary board, which had a rather stormy beginning, but which now is quite an asset to the town. But the doctor has lived through a number of stormy times and managed to lead the life of a leading citizen in good standing in the community.

Some years ago when there was

a heavy north wind, the doctor's home out on Christian Alley, as it was then called locally, caught fire and, in spite of all efforts to put out the fire, the house burned to the ground. The loss was in some instances irretrievable, for the valuable collection of papers, pictures, books, and souvenirs which his father had brought from Palestine in 1891 was lost in this fire.

The good doctor, in spite of hard times, of the tragedies of his life and his advancing years, still keeps that merry twinkle in his eyes and a very keen appreciation of a good joke or a funny story.

The University of Texas plans to publish a three-color geological petroleum map of the state. It is now available from the University as a black and white preprint.

North Carolina is the newest southern state in which exploratory drilling for oil is being carried on.

### Congress Rebukes OPA

The congressional rebuke to the OPA, charging the agency with hindering reconversion and actually inflating the cost of living instead of holding it down, comes as a refreshing expression of plain horse sense to millions of big and small producers and their customers.

"The rigid formulas of OPA are retarding reconversion, preventing production, and compelling manufacturers to discontinue and abandon the manufacture of pre-war low-priced commodities which they are skilled in making," states the report of the Smith House Committee investigating executive agencies. Reviewing OPA policies which have run counter to the nation's reconversion objectives, the committee found:

1. That the pricing policy has reduced production.
2. That it has lessened the opportunity for gainful employment, with resultant loss in national income.
3. That it has inflated the cost of living through restrictions of purchasable commodities to higher-priced fields.

Pointing out that OPA's pricing program was developed before V-J Day, when a wartime economy obtained, the report added:

"It is clear that the standard is not appli-

cable to a nation no longer at war—and is now obsolete."

Specifically the Smith committee recommended to Congress legislation embracing a pricing policy which will "reflect current costs of production plus a normal pre-war margin of profit."

Regulation-harassed business men and the public were way ahead of Congress in discovering the "obsolescence" of the OPA. But it is good that the nation's lawmakers, who can put an end to practices that were born of war and should have quietly died with the coming of peace, have caught up with public thinking.

### Universal Training

President Truman surprised Congress when he took a firm grasp on the hottest political potato that has been baked in Washington in many a day—universal training—and served it to them without any great effort to make it more palatable to the congressional taste.

Many of us will disagree with some of the points Mr. Truman put forth in support of his program. His statement, however, that "peace must be built on power, as well as on good will and good deeds," brings home the fact that, unfortunately, military force still seems to be the only language which some nations can understand.

So, whether we like it or not—and we don't—it appears that we must talk their language or not only risk the weakening of our diplomatic hand, but open ourselves to aggression at some future time.

The American people know that universal training alone will not guarantee peace. But they also know that it is better to be prepared, better to send their sons out for a year's training if it will lessen even in a small degree the probability of having to send them out later on to face the hell of war itself.

We have long refused to face the facts of international life. We have tried to get by with wishful thinking.

the need for agricultural products without additional land?

Capacity of our farmers to produce from farms now in operation can be considerably increased when labor, materials, and farm machinery are again plentiful.

3. What economic problems would be involved in the creation of more farms in California?

It would be inconsistent for our government to use public funds for developing new farms, while also using them for supporting agricultural prices and reducing production, in addition to new farm land being unnecessary and undesirable from the standpoint of demand for agricultural products, its development now would be expensive.

Construction costs per farm will always be relatively high on the contemplated public irrigation and drainage projects, as compared with the value of existing farms, and, hence, such projects can only be self-liquidating. The construction of new farm projects would introduce all of the difficulties previously demonstrated by colony schemes.

Many discharged veterans will be wanting farms, but the settlement of these men on untried projects would entail more public responsibility and cost for their successors than would the settlement of an equal number of veterans among existing farms where they would have the benefit of local experience and institutions.

### CALIFORNIA LOSES FIRST PLACE IN HONEY

California failed this year for the first time in many years to lead all states in honey production. Low conditions of nectar-producing plants and below average condition of colonies were responsible for the low average yield of honey, 32 pounds per colony and a state total production of 15,040,000 pounds. Early nectar flows could not be worked to advantage because of cold, cloudy weather at the time of principal nectar flow. Drying winds later reduced the pasturage in most areas. Manpower shortage and lack of sugar supplies needed to supplement the reduced yields for feeding also helped to increase

the shortage.

At the same time the 1945 national honey crop was 20 per cent above production last year and 16 per cent above 1939-43 average. Regardless of the increased production, mid-September stocks of honey on hand for sale were three per cent smaller than a year ago. Because of the difficulty in obtaining sufficient sugar for feeding, many apiarists will retain more honey than usual to allow a safety margin for wintering their colonies.

Farm Advisor T. O. Morrison has arranged for a Field meeting to be held at the Cattle Corrals of Victor Lund near Pleasanton, on Monday, November 5, at 1:30 p.m. The subject of the meeting will be "Heel Fly Control," with Dr. Kenneth McKay conducting the demonstration. Doctor McKay is Extension Specialist in Veterinary Science, University of California.

### Y.L.I. NEWS NOTES

Several of the younger members of DeGuadalupe Institute No. 74, Y.L.I., Niles, acted as hostesses for a jolly Halloween party in Ward A-9, U. S. Naval Hospital, Shoemaker.

The traditional "bobbing for apples" and other Halloween games were played. A musical program of vocal selections by Miss Betty Brandt and piano numbers by Miss Albe Mae Costa and Fred Costa were presented, with community singing, accompanied by Mrs. Clarence Crane.

Delicious refreshments of pumpkin pie, ice cream and coffee topped off a most enjoyable evening.

In charge of arrangements were Mrs. Martha Marshall and Miss Lorraine Furtado. They were assisted by Mrs. A. M. Alves, Miss Betty Rose, Miss Vivian Reine, Miss Edith Perry, Miss Gloria Furtado.

One major oil company already has employed, postwar, 2000 returned veterans who were not previously employed by it. More than 93 per cent of the company's employees who have been discharged from military service have returned to work.

### Centerville School News

By Beverly Miller

Teachers from all the schools in Washington Township met at the Centerville school on Monday afternoon, October 29, for an art class under the direction of Mrs. Ramona Fleeson.

Mr. Harold Schoenfeld came to our school on Oct. 25 to teach the seventh and eighth graders ballroom dancing.

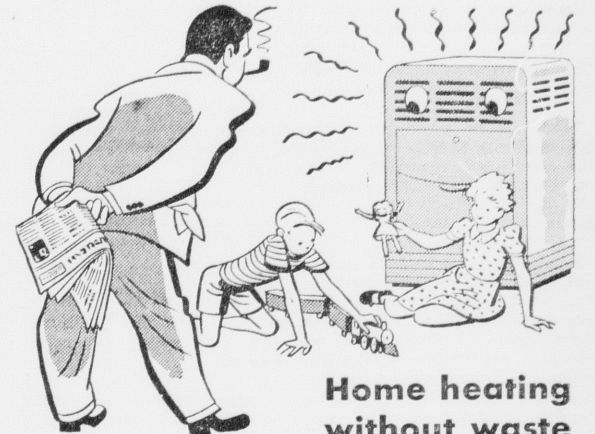

A Halloween program was given for the students of the Centerville school on Wednesday, Oct. 31. The rhythm band played a selection. Pictures were shown:

"Four Smart Dogs," "Let 'Em Go Alive," "Quiz Kids," and "Gabby Goes Fishing."

Health pictures were shown on that same day for the seventh and eighth grades. These pictures were "Our Teeth," "The Student Flyer," "Defeat Diphtheria," "Defense Against Invasion."

The Centerville P.T.A. members will have a card party in the Elementary School auditorium on November 9 at 8 o'clock. Admission will be 40 cents.

The Cubs of Centerville had a Halloween party Wednesday.

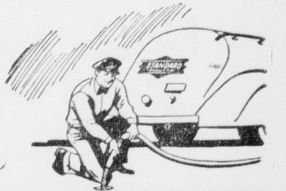

Home heating without waste

For every family, fuel conservation is a wartime "must." Make the most of all you get! Standard Burner Oils are completely distilled (purified). They provide complete combustion without waste—no carbon deposit or coke residue. Standard Furnace Oil for home furnaces; Standard Stove Oil for circulating heaters.

## FARM NEWS

AGRICULTURAL EXTENSION  
SERVICE

MORE FARMS  
FOR CALIFORNIA?

Is any substantial increase in the agricultural production capacity of California through irrigation or other development of additional

farm land justified in the near future?

This question must be faced in the immediate post-war years. Arthur Shultis, extension specialist in farm management of the Agricultural Extension Service, gives his answer by breaking it down into three questions.

1. Will demand for agricultural products call for any increase in production from California?

When immediate foreign relief needs have been met, and with

some resumption of foreign production and international trade, the demand for agricultural products for home consumption and for export may be reduced. In spite of its increasing population, California will meet all its regional needs for locally grown products without any increase in farm land. In fact, new farm lands might add to a burdensome production above domestic requirements and export opportunities.

## THE NEWS IN NEWARK

BY LOUISE CHAPMAN

Staff Sgt. Arthur Martin, son of Mrs. Annie Martin and husband of Mrs. LaVerne Martin, has been discharged. Martin entered the Army four and a half years ago, and has spent two years in the Aleutians stationed at Atak and Kiska. He received the good conduct medal. Now he is back at his former position with the James Graham Manufacturing Co.

Sgt. Wilfred Ramos, son of Mrs. Miguel Alvarez, has been discharged from the Army. He was in the Aleutians stationed at Sitka for two and a half years. He has been in the service since July, 1941.

The Steelworkers Union of the Pacific States Steel Company in Niles is giving a dance at the Newark Pavilion Saturday evening, Nov. 3. Music will be by Ray Hackett and his orchestra.

Members of the Newark Improvement club went to entertain at Shoemaker last Thursday. The program consisted of Patty Costa at the piano and Darlene Bolyard, vocalist. All members who attended took home-made cakes and prizes for the games which were played during the evening. The club donated the ice cream.

A birthday party was held Sunday at the home of Mr. and Mrs. Joseph Gastelum in honor of their daughter, Mrs. Doris Davis of

Berkeley. Those partaking of the birthday dinner were the family and Virginia Lyons of San Francisco. Lt. Davis, the honoree's husband, is stationed at Bombay, India, with the Army.

Postmaster Julia M. Harris will return to work November 1 after spending part of her vacation in Arbuckle as a guest of Mr. Harris' mother, Mrs. Hancock.

Mr. and Mrs. Al LeMar are now living with Mr. and Mrs. Frank Meneze, the parents of Mrs. LeMar. The LeMars formerly lived in Marin County.

Dorothy Jackson and Gertrude Gastelum are now attending the University of California at Berkeley.

A successful costume dance was held Saturday, Oct. 27, at the Newark Pavilion by the Newark Sportswomen. Winning prizes for the best costumes were: first, Irma Tedder and Muriel Dias; second, Mr. and Mrs. Stanley Roderick; third, Belinda Lewis and Edward Meneze.

Emma Dias, Mary Gastelum, Mary Silva, Ernestine Silva, Bernice Calderia, Shirley Costa, Mary Tehera of Newark, and Patricia Lopez entertained the boys at Shoemaker Halloween evening. Patricia Lopez tap danced, with Shirley Costa at the piano. Re-

freshments of ice cream, candied popcorn, home-made candy and apples were served. Games were enjoyed, with the winners being given prizes.

Newark Grammar School held their Halloween party Wednesday afternoon. There was a grand march with the teachers being the judges. Prizes were given to the boy and girl wearing the best costumes.

The Newark Grammar School will be staging a weekly contest based on the best written report of some current community activity. The one judged best will be printed in The Township Register in this column.

CHRISTIAN SCIENCE SERVICES  
"Oh let the wickedness of the wicked come to an end; but establish the just." This verse from the seventh Psalm is the Golden Text for the Christian Science Lesson-Sermon for November 4 on the subject "Everlasting Punishment." Included in the sermon are these citations:

Galatians 6:8: "For he that soweth to his flesh shall of the flesh reap corruption; but he that soweth to the Spirit shall of the Spirit reap life everlasting."

Fifty years ago a publication was established in New York entitled The Horseless Age. There were exactly four "horseless carriages" in the entire United States at that time.

The 4-H Club is again in operation here in the Mission with Mrs. Virgil Campana, the former Miss Anna Escobar, in charge of the girls' instruction. They will be doing many and various things through the school year. They held an election of officers last week at their meeting and placed in office, as follows: Lorraine Santos, president; Elaine Borge, vice-president; Annie Untiedt, secretary; and Iris Belle McNemar, treasurer. Carolyn Tetrick and Iris McNemar were chosen as song and cheer leaders. Mary Ann McElvor and Carolyn Tetrick will have the reporting of activities.

There are 18 members in the club at present and are: Irish McNemar, Bernardine Semas, Carolyn Tetrick, Elaine Borge, Margorie Laughlin, Shirley Cunha, Lorraine Santos, Jessie Soto, Joanne Whitaker, Jean Neeley, Marilyn Tetrick, Annie Untiedt, Connie Boland, Mary Ann McElvor, Norma Cox and Patsy McDaniel.

Mrs. Rosalyn Garcia and son, Stanley, accompanied by her father, Mr. Joseph Telles, motored to Redding and all around that section of the country over the week-end, returning late Sunday evening.

## LEGAL NOTICE

SUMMONS  
No. 188339  
IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF ALAMEDA.

LILLIE M. ROBINSON, Plaintiff,  
vs.  
H. G. ELLSWORTH, LUTHER E. OSGOOD, ANDREW J. TYLER, THOMAS COPELAND, JOSEPH HIRSCH, CAROLINE HIRSCH, CAROLINE KIEP, who was formerly Caroline Healey, HENRY REGO, BLANCHE WITHERLY, FIRST DOE, FIRST CORPORATION, a corporation, and also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to Plaintiff's ownership, or any cloud upon Plaintiff's title thereto, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

H. G. ELLSWORTH, LUTHER E. OSGOOD, ANDREW J. TYLER, THOMAS COPELAND, JOSEPH HIRSCH, CAROLINE HIRSCH, CAROLINE KIEP, who was formerly Caroline Healey, HENRY REGO, BLANCHE WITHERLY, FIRST DOE, FIRST CORPORATION, a corporation, and also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to Plaintiff's ownership, or any cloud upon Plaintiff's title thereto, Defendants.

You are hereby directed to appear and answer the complaint filed in the County of Alameda, in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Alameda, within ten days after the service on you of this summons—if served within said County, or within thirty days if served elsewhere.

The object of said action is to obtain a judgment and decree of said Court adjudging and declaring that neither said defendants nor any of them have any right, title, estate, lien or interest in, or upon the real property in said complaint and hereinafter described, or any part or portion thereof, adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto and that the title of said plaintiff in and to said real property and every part and portion thereof is good and valid and that said plaintiff is entitled to have said title quieted against said defendants, and each of them, and that said defendants, and each of them, be forever enjoined and debarred from asserting any claim whatever in, to or upon said property, or any part or portion thereof, adverse to said plaintiff.

That said real property consists of all that certain real property in the Township of Washington, County of Alameda, State of California, described as follows:

PARCEL 1: BEGINNING at the intersection of the western line of Roberts Avenue, 66 feet wide, in the Town of Irvington, with the northern line of the 2.988 acre tract of land described in the deed by Blanche Witherly and T. D. Witherly to Joseph R. Silveria, dated May 5, 1920, recorded May 7, 1920 in Book 2894 of Deeds at page 472, Alameda County Records; and running thence along the northern line of said 2.988 acre tract south 80° 07' west 302.20 feet; thence north 8° 25' west 123.72 feet; thence north 80° 07' east 303.10 feet to said line of Roberts Avenue; and thence along the last named line south 8° east 123.75 feet to the point of beginning.

CONTAINING 0.86 acres, more or less.

PARCEL 2: BEGINNING at a point on the northern line of the 2.988 acre tract of land described in the deed by Blanche Witherly and T. D. Witherly to Joseph R. Silveria, dated May 5, 1920, recorded May 7, 1920 in Book 2894 of Deeds at page 472, Alameda County Records, distant thereon south 80° 07' West 302.20 feet from the western line of Roberts Avenue, 66 feet wide, in the Town of Irvington; and running thence north 8° 25' west 123.72 feet; thence south 80° 07' west 359.26 feet to the eastern line of the State Highway, 66 feet wide, from Irvington to San Jose; thence along the last named line south 8° east 123.75 feet to the northern line of said 2.988 acre tract; and thence along the last named line north 80° 07' east 360.16 feet to the point of beginning.

CONTAINING 1.02 acres, more or less.

You are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract or will apply to the Court for any other relief demanded in the complaint.

WITNESS my hand and the seal of the Superior Court of the State of California, in and for the County of Alameda, this 11th day of September, 1945.

(SEAL) E. G. WADE, Clerk,  
By W. W. Vaughan, Deputy,  
ALLEN G. NORRIS,  
Attorney for Plaintiff.

Rose Stearns is in charge of the fancy work booth. Farrell Pugmire is chairman of the food sale. Anna Bradford will preside over the white elephant table. Jennie Mohn and Ethel Fournier will take care of the Theta Rho girls' table. The hand-made quilt to be disposed of that day will be in charge of Sena Carr and Ivy Cull, while Iva Marble will take care of the card party.

A poll conducted by a national automobile association indicates vacation travel will exceed five billion dollars a year in the immediate postwar year. Eighty-five per cent of the vacationers indicate a preference for automobile travel.

## Here's the Newest Improvement in MOTOR OIL

—a war-born inhibitor that holds oxidation in check

DURING THE WAR years this newly discovered oxidation inhibitor was in military service. It was helping to save our tanks and other fighting vehicles from lubrication failures that would have taken them out of action.

Now, at no increase in cost, you can have this war-born ingredient in your motor oil. Added to Golden Shell during manufacture, it fights the oxidation which results in sludge. It gives you an oil that stays free-flowing, full bodied, and efficient from one oil drain to the next.

As you know, gummy sludge means trouble. It sticks to bearing surfaces, offering little or no lubricating value, and preventing good oil from getting in where it's needed. When this happens, a big repair bill is brewing. So change now to new Golden Shell Motor Oil with oxidation inhibitor. Shell Oil Company, Incorporated.

Like oxidized rubber—Oxidized Oil is no good

Oxidation is "Bad News." It ruins your garden hose, fades your clothing, rusts your screens. Under extreme conditions of heat, moisture and acid-fumes inside your engine, motor oil also oxidizes. That's why Shell adds this new war-born inhibitor to Golden Shell Motor Oil... to protect it from oxidation, and thus protect you from unseen but dangerous sludge.

SHELL CREDIT CARDS ARE BACK  
Honored at all Shell Stations in United States and Canada. Apply for yours at any Shell Office or Service Station.

### Stork Shower For Former Irvington Girl

A surprise baby shower was given Sunday, October 28, for June Santos of San Jose at the home of Marie Alves at Oakland. There was a large cake with "Welcome Little Stranger" across the top in the traditional colors. A large stork was at one end of the room with a clothes basket beside him, filled with beautifully wrapped gifts. A bouquet of small white chrysanthemums was a centerpiece for the table, with favors of little white diaper napkins at each plate. There were many guests present.

Relatives of the mother-to-be at the affair were: Mrs. J. A. Santana, Lorraine Santana, Marian Cowles, Mae Ensign, Edith Santana, Erma Rhodes, Ruth Santos and Diane Santos.

Friends present were: Mary Soito, Bernice Soito, Buena Bibby, Minnie Monteiro, Mrs. Gonsalves, Mrs. Agars, Betty Storrer, Irene Silva, Pauline Silva, Deane Silva, Irene Hefferman, Vermilda Silva and June Pimentel.

Sandwiches, salad, coffee and all the trimmings were served after the gifts were opened. Forty-five gifts were received by June Santos, who is the former June Santana of Irvington.

### Bendels at Army-Navy Club Dance

Mr. and Mrs. Roland Bendel and Miss Winifred Bendel spent an enjoyable evening last Wednesday at a buffet dinner dance held at the Army and Navy Club in San Francisco. They were guests of Col. C. S. Bendel.

## Order your Frozen Food Locker Today

Hunters and fishermen were among the first to take advantage of the service food locker plants have to offer.

"Bringing home the limit" no longer means that the game must be used immediately to prevent spoilage.

"Just between us sportsmen"—what better way is there to prove your hunting or fishing story to that skeptical friend than to invite him to dinner and let him feast on the evidence?

Order your locker today—while they last.  
Use it all year around.

### Howard Mohn Takes Bride

Relatives and close friends were present at the Tuesday evening wedding that united Howard Mohn of Irvington and Violet Anderson of Thief River Falls, Minn.

The bride, a niece of Mr. and Mrs. Sam Anderson of Centerville, was charming in a chartreuse suit. She wore a gardenia corsage. Her matron of honor was Mrs. Fay Walker of Ahwahnee. Standing up as best man was Clarence Walker.

The young benedict, who recently returned from Europe, where he served in the Army with an advance medical corps, is the son of Mr. and Mrs. Carl Mohn of Irvington. A graduate of the high school at Aberdeen, South Dakota, he later attended the University of Minnesota when his family moved to that state.

He met his bride when he was home on a furlough, and she was visiting relatives here. He has been in the service for the past five years, but expects to receive his discharge when he reports to Camp Beale on November 8.

Following the wedding ceremony, with Rev. D. Q. Grabbill officiating, a reception was held in the Guild Rooms of the church.

The young couple left on a brief honeymoon, planning to return soon to their Irvington apartment.

### The Batchellers Visiting in Niles

Major and Mrs. "Jolly" Batcheller are visiting in Niles this week, staying at the home of Mrs. Gladys Williamson. Major Batcheller, who served for 11 months overseas, arrived in the states the latter part of October, and then went on to Corvallis, Ore., where his wife was living. The couple have made no definite plans, but they both "would like very much to live in Niles." They had lived here prior to the major's entry into the Army.

### His Dad Home For Birthday

Little Hal Janssen's birthday party last Saturday was really a double celebration. Not only was it his birthday, but his daddy, who had been off in the South Pacific, arrived home just in time to help eat some of the ice cream and cake.

His mother, Mrs. Marjorie Janssen, had arranged attractive Halloween decorations, just the kind to appeal to a little two-year-old boy and his guests. Those who were present were Shirley Roderick, Leonard Snodgrass, Micky Nordvik, Velma Lee Goularte, Bruce Belshaw, and Steven and Erin Brandon.

### Alvarado Girl Is Married

The marriage of Miss LaVerne Madeiros, formerly of Alvarado, and Joseph John Shestock, U. S. Navy, of Indiana, took place last Sunday at St. Margaret's Church in Oakland at 2 o'clock.

A reception was held immediately following the wedding at the home of the bride.

The couple will have a two-weeks honeymoon in San Francisco and will then take up residence in Oakland.

### Husband Home

Mrs. Tracy Cuttle (Evelyn Roeding) is welcoming home her husband, Lt. Commander Cuttle, who has been in the South Pacific on the carrier Yorkshire. With the medical corps, much of his time has been spent on Okinawa. The Cuttles make their home in Los Gatos, where, in peace times, Lt. Commander Cuttle practices medicine.

### Elenor Enos Elected President of Class

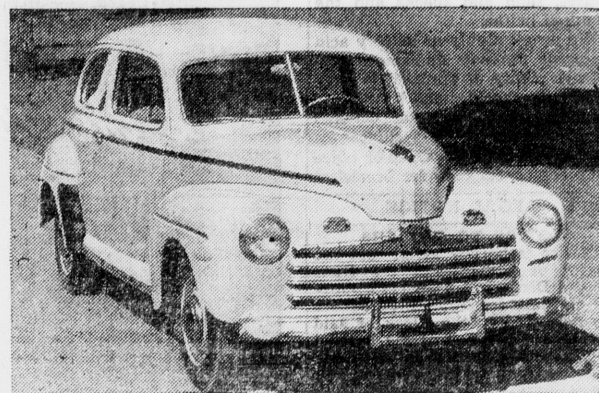

A former student at Washington Union High School, Elenor Francis Enos, who graduated in '42, has been elected president of her class at the San Francisco Hospital, where she is completing her final year of nurses' training.

Miss Enos, a daughter of Mr. and Mrs. William A. Enos of Irvington, took her first two years of training at St. Joseph's Hospital. Born in Niles, she is well known in the township. She is the niece and godchild of Mrs. Nora Rogers, and is also a niece of Mrs. Emily Fields.

While she attended Washington High, she was president of the Girls League. In addition to being elected president of her class at San Francisco Hospital, she has been named as one of four honor roll students in the entire class.

### Twin Daughters For the Yaegers

It's twin daughters for Lt. Commander and Mrs. Douglas Yaeger! The happy news was relayed to friends in Niles from the proud parents, who are now living in Oklahoma City. The Yaegers have another child, little Douglas Jr. When they lived in Niles at the Belvoir Hotel, while the commander was stationed at Pleasanton, the young couple made many friends here. The twins have been named Susan Anne and Carolyn Lee. They were born on October 27.

## NEW 1946 FORD NOW ON DISPLAY

# ...Gus Talks Back...

(Our remorseful horse columnist, who went broke at Pleasanton, is now back to making a more or less honest living and, we suspect, laying a little by, not for a rainy day, but to feed the animals when they run again over on the other side of the hills. He does have a G.I. friend named Gus, and this is what Gus has to say.—The Editor)

Dear Sad Sack:

Your letters received concerning the gee-gees and boy are you dumb! How many times have I told you that you can't beat the races; history merely repeats itself. One guy wanted to trade a kingdom for one and another jerk lost a kingdom because of a horse, the sequence starting from a nail.

Well, boy, I'm on my way home and headed your way. We left Philly and the train is filled with junior birdmen and a few yard birds. They were all skywinders and no blisterfoots or bowlegs, and we had been inspected for chest hardware, dog tags and chill bowls.

We didn't take any belly robbers or slum burners because we figured to eat on the train with G.I. meal tickets. The ptomaine domains were fair but the mess hounds complained about the armored cow and they didn't furnish any transfusion or red lead to put on the hand grenades. The usual set-up was the mess gear with the table set with light houses, sand and specks and the armored heifer.

We drank plenty of battery acid or paint remover and there was always plenty of punk. This went good with shackles and kennel rations. A couple of times we had creamed buzzard on a shingle or ditto on the goldfish. Once or twice they served cat beer for breakfast.

## LEGAL NOTICE

**NOTICE TO BIDDERS**  
Notice is hereby given that the Board of Trustees of the Niles School District of Alameda County hereby calls for sealed proposals to be delivered to the Clerk of said Board at the office of the District Superintendent in the Niles School Building, Second and School Sts., Niles, California, until November 19, 1945, at 8 p.m., at which time and place said bids will be opened for furnishing a new school bus.

These bids shall be presented in accordance with the general conditions and specifications for the same which are on file with said Board of Trustees at its office hereinafter mentioned. All bids must be made on proposals obtained from said office of the Board of Trustees, and must be signed by the bidder and accompanied by a check certified without qualification by some responsible bank or banker and made payable to the Niles School District of Alameda County to be retained by said District as agreed and liquidated damages should the party or parties to whom the contract is awarded fail to enter into the contract after the award or to give the bond required for the faithful performance of the contract. The amount of the said check shall be for at least ten per cent (10%) of the total amount of the tendered bid.

The Board reserves the right to reject any and all bids.

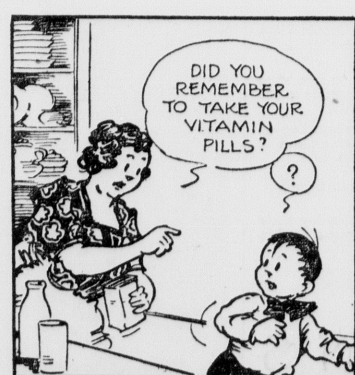

By order of the Board of Trustees, October 31, 1945.  
JOE D. GOMES,  
Clerk of the Board of Trustees of Niles School District, of Alameda County, California.

## REG'LAR FELLERS—Man of Letters

stopped on the 5-yard line. Santa Clara immediately kicked and Washington took control of the ball. In a series of line plunges and end runs the Huskies were on the 8-yard line. Norman Dolin took the ball on a quarterback sneak and went over for the second touchdown. The attempted conversion was wide and the score read Washington 12, Santa Clara 0.

The rest of the third quarter was nip-an-tuck until Harvey Hernandez found a Santa Clara fumble in his hands and ran 55 yards for what looked like a touchdown, but the play was ruled that the ball had touched brought back because the referee the ground.

In the fourth quarter Washington's final touchdown came when Norman Dolin intercepted a pass and ran 25 yards for a touchdown.

Harvey Hernandez, substitute end, converted and the ball sailed between the uprights to make the score 19-0.

Santa Clara's lone touchdown came when there was but a few minutes left to play in the game. A "sleeper" play was executed by Santa Clara and a pass was thrown to Chavarria who crossed the goal line untouched. Oulette added the extra point. The final score read Washington 19, Santa Clara 7.

Washington was hampered due to the loss of three of the starting players: Ronald Oliver (captain), Dan Corchero and Jimmy Shanks.

## DECOTO NEWS

By ELSA WALKER

The Decoto Social Club met last Saturday evening in the Walker sunroom for square dancing. After an enjoyable evening of dancing, the guests were served some of Mr. Walker's famous hamburgers, with relishes and hot coffee. Those invited to the affair, in addition to the regular members, were Mr. and Mrs. Clarence Crane and Mr. and Mrs. L. R. Batman.

Mrs. Milton Castro has given up her position at the J. C. Penney store in San Leandro and will give her full attention now to renovating her home in anticipation of her husband's return from overseas.

Dave Janeiro is deserving of bouquets this week for the fine job he has done on the Decoto School lawn. The new lawn,

which he planted and cared for, has improved the looks of the school a hundred per cent.

The people of Decoto are glad to see little Richard Guerra back on his paper route again. It looked for a while as though his sight may have been impaired as a result of a sling-shot accident. But the damage, fortunately, wasn't permanent, and he can see as well as formerly.

## NEWARK PRESBYTERIAN CHURCH SERVICES

Next Sunday morning James M. Brown will preach the second in a series of sermons on the topic "Christianity Is Also a Religion." The particular topic will be "Christ Sought to Please God."

Sunday School is looking for 9 new pupils to reach its goal of 75 in '45. There were 66 in attendance last Sunday. Mrs. Edwina Harrison is sponsoring a Junior Christian Endeavor, which meets each Sunday evening at 7:30.
